SEE ME

SOME MOTHER'S CHILD.

At home or away, in the alley or street,

Whenever I chance in this wide world

to meet

A girl that is thoughtless, or a boy that

is wild.

My heart echoes sadly: 'tis some

mother's child.

And when I see those o'er whom long

years have rolled,

Whose hearts have grown hardened,

Whose spirits are cold.

Beit woman all fallen, or man all defiled,

A voice whispers sadly, "Ah! some

mother's child."

No matter how far from the right she

hath strayed;

No matter what inroads dishonor hath

made;

No matter what element cankered the

pearl;

Though tarnished and sullied, she's

some mother's girl.

No matter how wayward his footsteps

have been;

No matter how deep he is sunk in sin;

No matter how low is his standard of

joy;

Though guilty and loathsome, he's

some mother's boy.

That head hath been pillowed on tender

breast;

That form hath been pressed o'er, those

lips have been sweet;

That soul hath been prayed for in tones

sweet and mild;

For her sake deal gently with "some

mother's child."

# EXCUSE SCENE.

Attorneys Almost Come to Blows  
During the Trial of Powers  
at Frankfort, Ky.

## MAD RUSH FOR DOORS AND WINDOWS

After Five or Ten Minutes of Pandemonium in the Room Quiet Was Finally Restored.

At the Conclusion of the Examination of Golden the Prosecution Rested its Case Without Examining Other Witnesses.

Frankfort, Ky., March 27.—The most thrilling event of the examining trial of republican Secretary of State Caleb Powers occurred shortly after 3 o'clock, and for a few minutes it looked as if serious trouble could not be prevented. Col. George Denny, for the defendant, in an argument upon the competency of a question, said: "It is perfectly lawful for people to come here, and to come armed. I am here several times myself."

He was referring to the crowd that was present at the mass meeting held in the state house yard just prior to Senator Gould's examination, one of Col. Campbell, for the prosecution, replied that he did not consider it lawful, and was surprised to know that Mr. Denny had come here armed. Denny denied having made such a statement, and said that he did not come armed. Campbell insisted that he had made the statement, and that both men were very much excited and spoke with vehemence, and with arms shaking commenced to advance toward each other. The court room was crowded, and the audience evidently thought a fight was on, and made a mad rush for the doors and windows, people falling over each other in their wild efforts to get out of the room. Several policemen and deputy sheriffs were crying for order and Judge Moore was bringing his gavel down with terrific force and urging the people to take their seats. After five or ten minutes of such exciting scenes since the assassination quiet was restored.

Just as soon as the room began to grow orderly ex-Gov. J. M. St. John, one of the attorneys for the defense, whispered to Col. Campbell, who promptly arose and apologized. Col. Denny replied in a very happy speech. On an inspection of the record it was found that Col. Campbell had misconstrued Col. Denny's statement. Gov. Brown in a speech asked the court to adjourn and give the people time to cool off, stating that it was only by the coolness of several officers and people around him that doors of people were not killed. He further said that it was not that he feared any violence, but that he feared for the protection of his client.

County Attorney Polgore objected to adjourning, stating that it would be an admission of the fact that the defense was unable to protect the prisoner, and insisted upon resuming the questioning of Golden. Col. Denny agreed with Mr. Polgore, and the court ordered the attorneys to proceed with the examination.

At the conclusion of the examination of Golden the commonwealth rested its case. It was stated that Mrs. Golden would also be introduced as a witness, and portions of that side claim that the reason she was not put on the stand was because the attorneys thought they had made out a strong enough case for the examining court, and that her testimony, as well as that of other witnesses for the prosecution, should be held back for the regular trial. The examining court, for the defense think she would have been an unwilling witness and that her testimony would not have been propitious to the prosecution.

The attorneys for the defense asked for an adjournment of court at 4 o'clock for the purpose of a conference with the defense, and the witnesses that will be placed on the stand in his behalf. The court adjourned for this purpose, and the attorneys and Mr. Powers were closeted together for an hour or more.

The attorneys for Caleb Powers held a conference last night with Taylor at the mansion. The gentleman declined to divulge the nature of the consultation.

## RAILROAD ACCIDENT.

One Man Killed and Six Others Injured on the Oregon Short Line in Utah.

Nephi, Utah, March 27.—A serious accident occurred on the Oregon Short Line, 24 miles south of this city, which resulted in the death of Chas. Thompson, foreman, and the injury of six others.

The following is the list of injured: Hans Morrison, Levan, Utah; Louis Miller, Salt Lake; Frank Harvey, Salt Lake; Robert Walker, Salt Lake; F. S. Wright, Kansas City; Ed Brainkamp, Cincinnati.

The accident happened to a work train that was distributing new rails along the road. One side of the car had been unlashed when the car turned over.

## Military Post Resumed.

Washington, March 27.—By direction of the president, the military post at Cayce, Florida, hereafter will be known and designated as Henry Barracks, in honor of the late Brig. Gen. Guy V. Henry, who was military governor of Florida from December 8, 1865, to May 8, 1869, and who died on October 24, 1899.

# HELEN GOULD'S GOOD DEED.

She is Maintaining Nine or Ten Chaplains in the Army at Her Own Expense.

Washington, March 27.—A visitor to the white house, referring to the lack of chaplains with the volunteer regiments in the Philippines and elsewhere, says that Miss Helen Gould, of New York, is maintaining nine or ten chaplains in the army at her own expense.

These men are not officially recognized as chaplains, but as ministers and Y. M. C. A. workers they voluntarily and unofficially do practically the same work. Miss Gould, it is stated, pays each of these men \$30 a month and their expenses. The latter amount to more than the salaries in the Philippines. It is thought that Miss Gould's monthly payment is something like \$2,000. She has been maintaining these Christian workers since last fall, when the regiments first began to go to the Philippines in exchange for privileges at the university of congress to provide for chaplains. Her great work is not generally known, as all her deeds of this kind are done in the most unobtrusive manner.

## NO NEED TO BORROW.

Portugal Has Plenty of Money to Pay the Claims of the Delagoa Bay Award.

London, March 27.—It is learned that Portugal is quite prepared to meet the Delagoa Bay award without borrowing money. Current reports that Great Britain intended lending the Portuguese government money in exchange for privileges at Ilha da Beira and Beira are declared to be absolutely incorrect. The British government has received no intimation in regard to the award and the negotiation of its terms or when they will be announced, but it hopes to receive this information during the current week.

The same condition of affairs in regard to the award prevails at the American embassy, where the security of the claimants are dependent. On all sides it is said that the long delay in reaching a decision has had the most serious effect upon the principle of arbitration.

## NO PLAGUE THERE.

The Mayor of San Francisco Sends Out Dispatches Denying a Recent Report.

San Francisco, March 27.—Mayor Phelan has sent the following dispatch to the city of 50 cities in all sections of the country: "Eastern papers just received refer to a sporadic case of bubonic plague in California. The latest report is that a case on March 6, three weeks ago. Since then our Chinatown has been thoroughly inspected and confined. No other cases have appeared. All persons now visit the district as usual. On account of the efficiency and vigilance of our health department, and the fact that there is no future danger. Please give this to your local press as an act of justice to San Francisco."

## APPEAL TO THE PEOPLE.

Newfoundland Will Again Seek Reciprocity With the United States.

St. John's, N. F., March 27.—Mr. Bond, the premier, will appeal to the country at the coming election on the question of reciprocity with the United States, advocating a renewal of the Bond-Blaine convention, negotiated some years ago by him, which provided for reciprocal relations between the two countries. Canada objected, thus preventing the convention taking effect.

The premier considers the present time favorable for a renewal of the measure, and his course will receive large support throughout the country where reciprocity is very popular.

## Planning Mill Burned.

Lancaster, Pa., March 27.—The large planing mill at Columbia, known as Bachman & Forey's of this city, was destroyed by fire. There is no estimate of the loss beyond the statement that it cost \$75,000 to install the machinery, all of which was destroyed. There was no insurance.

## Reinforcements for Gen. Otis.

Washington, March 27.—Arrangements have been completed for the departure of the transport Sumner from New York next Thursday afternoon. She will carry a large body of officers and about 1,000 regular and volunteer troops in the Philippines, as well as a full cargo of stores and supplies.

## Calculations Went Wrong.

# MAFEKING WAITS

Great Britain's Army Now Doing Nothing Toward Going to the City's Relief.

## LORD ROBERTS QUIET FOR 14 DAYS.

News of an Advance Movement of His Forces is Hourly Expected By the London War Office.

A Commando of Boers Recaptured Paphkeng, Gen. French Returns to His Former Position Without Encountering the Enemy.

London, March 27.—Military observers here and even those in close affiliation with the war office are considerably confused as to what is being done for the succor of Mafeking. Some 5,000 or 6,000 men are engaged with Lord Methuen at Warrenton and Fourteen Streams and now another column is about leaving Kimberley, if it has not already started, for Griquatown, 106 miles westward. Its ostensible purpose is to drive out the Boers. The force is described as "a strong one," and the expedition is "likely to attract much attention."

Gen. French is reported from Bloemfontein Sunday morning, returning from Tlaba Nchu without apparently having headed off Commandant Oliver with his 15 guns and miles of baggage. Boer horsemen are in contact with the British outposts from Riggersburg to Warrenton.

Lord Roberts' infantry have now been quiet for 14 days and news of

THE PASS THROUGH THE MOUNTAINS NEAR BIGGARSBURG.

The Boers have splendid fortifications here and they are expected to make their strongest resistance to the advance of the British troops to Pretoria at this point.

an advance is hourly expected at the war office. Gen. Buller's patrols had a sharp skirmish Sunday at Vasebank. Messrs. Wolmar, Fisher and Wessels, the peace envoys from the federal forces, are due in Naples in a few days. After visiting two or three European capitals they will go to New York by way of Antwerp. It is understood at the Hague that they are prepared to agree to anything looking like intervention.

## Why Stern Fled.

London, March 27.—The Bloemfontein correspondent of the Morning Post telegraphing Saturday says: "I learn that Mr. Steyn fled against his own judgment and on the persuasion of Mr. Fischer that duty to his country required that he should remain unopposed as long as resistance was possible."

## Expedition to Leave Kimberley.

London, March 27.—The Cape Town correspondent of the Daily Mail telegraphing Monday, March 26, says: "Strong expedition will leave Kimberley today, primarily for Griquatown. Its movements are likely to attract considerable notice."

## Boers Recaptured Paphkeng.

Barkly West, March 27.—A commando of 400 Boers has recaptured Paphkeng, forcing the rebels in the Herbert district to rejoin the federal flag. Extensive looting is reported in that direction.

## Gen. Joubert Full of Hope.

Pretoria, March 27.—By Lourenço Marques—Gen. Joubert has returned from Krounsdorp. He is full of hope and may return to Natal shortly.

## PHILIPPINE CASUALTIES.

Gen. Otis Sends Another List of Killed and Wounded Soldiers in His Command.

Washington, March 27.—Gen. Otis reported to the war department the following casualties in the troops under his command: Killed: Edmund Buller, officer; Benedict Blackley, Charles V. Huey, sergeant; Philip H. Nolan, Michael E. Corkey, Mike Pogorselski, beheaded while a prisoner of war; Wm. D. Hoover, thigh; Noah E. Wingate, buttock, moderate; Geo. Hemphill, corporal, back, serious; Magdalen Andrew, knee, slight; Winfield S. Preston, arm, serious; Joseph W. Alipor, corporal, abdomen, serious.

# GEN. WHEELER'S VIEW.

"What to Do With the Philippines" Is a Contribution to Frank Leslie's Weekly.

New York, March 27.—Under the caption "What to do with the Philippines," Gen. Joseph Wheeler contributed to the weekly issue of Leslie's Weekly a lengthy article on the situation in the islands as he observed it during his service there. He says in part: "I believe that the backbone of the rebellion in the Philippines is broken; there will be little more to do in a military way. There will be guerrilla warfare, but it will not amount to much. As for Aguinaldo, I do not consider him a patriot. He was fighting for a great prize. Had he won, he would have been a powerful emperor, a mighty dictator."

"As far as possible, I believe that we should establish civil government in the Philippines. I am in favor of territorial government, and see nothing incongruous in making these various islands into territories. The group should be divided into three or four territories, not only because of the extent of the islands, but because of the antagonisms existing between the different peoples. Some of these tribes have been our devoted friends, and what would be most unfair not to give them the right of self-government. Many of them are already fit for self-government in local affairs and under territorial governors appointed by us, they would get along very well. I am sure."

"I consider the Filipinos a very superior people—a people with great possibilities. They are ambitious; many of them have been finely educated in Europe; they are not to be spoken of in the same breath with the Africans, so far as their possibilities go. They are, too, easily governed and
